

CATARRH DOES HARM

Whether It Is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative.—Adv.

PIMPLES ON FACE LOOKED TERRIBLY

Itchy, Scaly, Hard and Red. Irritated By Scratching. Cuticura Heals.

"My face was broken out with itchy, scaly pimples. They were hard and red, and sometimes would fester and would dry up. Then the scale would come off, and my face looked terribly and felt badly because the pimples itched so that I irritated them by scratching.

"I used Cuticura Soap and Ointment, and after using a cake of Soap and a box of Ointment my face was healed." (Signed) Mrs. A. J. Ansart, Bradford, N. H., Sept. 2, 1918.

Once clear keep your skin clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to perfume.

Sample Each Free by Mail. Address post-card: Cuticura, Dept. H, Boston. Sold everywhere. Soap 25c. Ointment 25c and 50c. Talcum 25c.

Here's a Fine Tonic Laxative, Says Druggist

Every other night for three weeks it's your duty to brew a cup of this great vegetable tea—that is, if you want better blood, clear complexion and sparkling eyes.

Celery King

Get a package to-day. It costs but a trifle, but as a health builder is worth its weight in gold.

Normal bowel action, perfect working stomach and sweet breath follow its use. The children drink it and enjoy it, and it's the gentlest acting laxative they can take, especially good when they are fretful, cross and feverish.—Adv.

Bear Oil Grows Hair

One of the potential ingredients of Kotanko—for the hair—is genuine bear oil, procured through hunters at a large cost. There are other active ingredients not found in any other hair preparation. Kotanko is an ointment. It has succeeded in many cases of baldness, falling hair and dandruff when every other hair lotion or treatment has proved futile. \$3.00 guarantee. Why become or remain bald if you can grow hair? If others have obtained a new growth through Kotanko, why not you? DOESN'T BELIEVE HE'LL BE TRIED

Former Emperor William Seems Unconcerned Over Prospect

AND IF TRIED WILL NOT BE AFFECTED

He Is Showing Great Interest in Military Campaigns in Russia

London, Dec. 4.—Former Emperor William of Germany does not believe he will be brought to trial by the allies, or, if tried, that his future will be affected in any way, says the Berlin correspondent of the Daily Mail. Various friendly sources have recently suggested that he surrender to the allies, offering to give the court all the information in his power, the correspondent says, but he appears too lethargic to take any steps, or even concentrate his mind on the preparation of notes. Next to saving wood, the erstwhile monarch's main interest seems to be the various campaigns waged in Russia, which he follows with the aid of large beflagged maps and he eagerly reads all the news from that country.

SEEKS JURISDICTION OVER HOLDING CO'S.

Interstate Commerce Commission Also Recommends That Railroad Operating Rules Be Standardized.

Washington, D. C., Dec. 4.—The annual report of the interstate commerce commission, submitted to Congress today, is comparatively brief and makes few recommendations.

Federal control of railways during the last year, having taken over many functions of the commission, the report renews mainly recommendations made in previous years.

It is recommended that the power to award reparation for unreasonable or unlawful charges be placed wholly in the courts; that the powers of the commission be extended to building corporations as well as those which actually operate interstate transportation lines, and that railroad operating rules be standardized.

The commission reports again that in many cases its work has been obstructed because necessary records and data could only be obtained from holding companies.

From its investigations of train accidents the commission's investigators concluded that the failure of engineers to obey signals and failure to provide adequate flag protection for trains continued to be the principal causes of collisions. The use of automatic train control was again recommended.

The investigators also found, the report says, that there was room for much improvement in the air brake equipment of trains.

BLAMES AMERICAN PRESS

For Trying to Stir Up Difficulties Between Mexico and United States.

Mexico City, Dec. 3.—Luis Cabrera, secretary of the treasury, speaking to reporters today, said he believed it would be unwise to attempt to settle difficulties between Mexico and the United States through a joint international commission. He remarked that the present situation is a diplomatic matter which must be settled in that way, and intimated that a one-man commission appointed by each country might be beneficial.

Senor Cabrera declared he was personally unacquainted with the nature of Mexico's reply to the last American note, but took occasion to criticize several American newspapers, saying: "In this Jenkins affair Jenkins is the least factor. It is really a press scandal originated for the pretext of increasing difficulties pending between the two countries."

ARE YOU DISAPPOINTED

often by not feeling well enough to attend some social gathering, or to keep an appointment, on account of an attack of indigestion? Such experiences cause disappointment, don't they?

You can ward off these attacks, and keep your stomach and digestive organs healthy by taking SEVEN BARKS, Nature's remedy of roots and herbs.

When the stomach is out of order, the liver not working properly, or the bowels are sluggish, a few doses of SEVEN BARKS will stimulate the liver, regulate the flow of bile, expel distressing acids and dangerous poisons, and quickly restore you back to good digestion and normal health.

Stomach disorders are the direct cause of nearly all the ailments that affect the human system, and make life a burden, instead of a pleasure.

Digestive trouble also spoils beauty, robs you of sleep, makes dark rings around the eyes, and ruins the complexion. Let SEVEN BARKS digest your food and tone your stomach, then you may eat what you like and bright eyes will soon return.

Ask your druggist for SEVEN BARKS. If he does not happen to have it, he will get it for you. Accept no substitute. PRICE, 50 cents.—Adv.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

To see the healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try taking bathing every morning for a week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acids and gives one a fine appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, or whose skin is sallow or pallid, that one week of inside bathing will have them looking and feeling better every way.—Adv.

Much Talk Among Germans of Emigrating.

Coblenz, Nov. 21.—There has been so much talk among Germans recently of emigrating to the United States as soon as possible that the German newspapers have taken up the question editorially. The majority of them advise against any such move on the part of the young men and women desiring to leave the fatherland. Quite a number of Germans who were interned in America during the war and have been brought back to Germany are now planning, however, to return to the United States immediately after Congress takes definite action on the treaty of peace.

"GHOST" IN CHIMNEY.

When Hole Was Dug in Side Man Was Found Within.

New York, Dec. 4.—Occupants of a Ridge street tenement house were almost correct yesterday when they reported to the police that the groans of a "ghost" had been annoying them for two days. Detectives, aided by firemen, dug a hole in a chimney on the house and extracted David Cohen, a pushcart peddler, who informed them that, business being bad, he had decided to end his life by jumping down the five-story chimney early Monday morning. He was taken to a hospital suffering chiefly from hunger and exhaustion.

TWELVE TEAMS TIED.

On the 80th Hour of the Contest in Madison Square Garden.

New York, Dec. 4.—Twelve teams in the six-day bike race at Madison Square Garden were tied for first place at 8 o'clock this morning, the 80th hour of the contest. Berzi of the Italian team was riding slightly ahead of the others, who had covered 1,482 miles and seven laps at that hour.

The Canadian-American team of Spencer and Chapman and the French-Belgian combination of Tiberghien and Chardon were one lap behind. The record for the 80th hour is 1,604 miles and six laps, made by Gouillet and Grenda in 1914.

FENCE-POSTS USED FOR FUEL

In Some Nebraska Towns They Are Even Burning Ear Corn

CITIES ENTIRELY WITHOUT FUEL

Larger Operators Are Said to Be Ready to Give More Concessions

Chicago, Dec. 4.—Preparations for conserving fuel supplies went forward today over virtually the entire country as the dwindling coal reserves caused incidental discomfort and disruption of industry.

No immediate relief through a return to work of bituminous miners who went on strike 34 days ago was in sight, although the larger coal operators were ready to submit a new wage scale which, it was said, would contain more liberal concessions to the miners than the 14 per cent increase proposed by Fuel Administrator Garfield.

Some of the larger cities to-day for the first time since the walkout felt the stress of the situation. From other cities and towns of the west and southwest, some of them entirely without fuel, came reports of actual suffering.

In three Nebraska towns fenceposts and ear corn were being burned.

Governors of three states, Carey of Wyoming, McKelvie of Nebraska and Shoup of Colorado, conferred to-day at Denver to work out "some plan for a satisfactory distribution of coal."

There was no official comment on the action of the federal court at Indianapolis in citing 84 general and district officials of the United Mine Workers of America for contempt of the order calling off the strike. Application for that step was made by department of justice agents. The officials will be given a hearing Tuesday.

Despite labor trouble in the New River fields, West Virginia continued to be the nation's chief producer of soft coal.

In Kansas an appreciable amount of fuel was being brought from the surface mines by volunteers working under protection of state and federal troops. Similar mines in Missouri will be operated by the state, a statement by the governor said, unless the miners returned to work by to-night under the terms of the settlement. A company of state militiamen already was on duty in the vicinity of the Missouri surface mines and three additional companies were ordered there.

Volunteers for work in the mines of nearby states still were registering in Nebraska to-day. It also was said that Wyoming faced the possibility of volunteer mining under protection of troops.

Local mine operators served notice on union workers that unless they returned to work on Dec. 8 the mines would be opened to any competent labor.

Some operators maintained their attitude, however, of not desiring their properties worked by inexperienced men. They claimed it was a hazardous occupation and pointed to the deaths of six men and serious injury of three others yesterday at Bogle mine No. 3, Jacksonville, Ind.

As the coal shortage grows there have been numerous complaints of profiteering on substitutes. The south-west regional coal committee to-day issued an occupation and pointed to the field to order that prices prevalent at the beginning of the strike be maximum charges for fuel oil. At other places it was alleged dealers were charging exorbitant prices for wood.

From Iowa, Montana, western Kansas and Nebraska came chief complaints of suffering from the fuel shortage. At Butte, Mont., scores of old buildings were to be torn down to provide fuel for needy families.

In Chicago a six and one-half hour working day in virtually all industries, effective to-morrow, has been decreed by the state public utilities commission. The order also carried drastic provisions for reducing transportation, curtailment of amusements, eliminating display lights, lowering of temperatures in surface and elevated cars and cutting off of elevators.

OVER 250 SHIPS TIED UP BY COAL SHORTAGE

Some of the Ships at Hampton Roads Have Been Denied Coal Under Rigid Fuel Regulations.

Norfolk, Va., Dec. 4.—A great merchant fleet comprising more than 250 ships of nearly every nationality, is tied up in Hampton Roads by the coal shortage and embargo. Some of the ships have been denied coal under the rigid fuel regulations, while others are waiting their turn at the piers, where the shortage has delayed bunkering.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days—you must get the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.
